Software update information

- Version: N960FXXU2CSA2/N960FOX2CSA2/N960FXXU2CRLT
- Size: 1590.03 MB
- Security patch level: January 1, 2019

What's new

Upgraded One UI for Android Pie

One UI brings you Android Pie, with exciting new features and a whole new look and feel based on feedback from users in Samsung and Google. We recommend that you back up your important data to keep it safe before the upgrade. Some apps, including Calculator, Samsung Internet, Samsung Health, Samsung Notes, Samsung Members, and Samsung Pay, need to be updated individually after you update your OS. Here's what's new.

One UI

- Content, settings, and other information have been reorganized to keep you focused on the task at hand.
- Interactive elements have been moved to the bottom of the screen so they're always within reach.
